

Access Code On Demand

Software ensures voters get the right ballot every time

Error free ballot style
selection with Access Code
on Demand.

► **Flexible**

Supports voter processing for Early Voting, Vote Centers and Election Day

► **Speeds Voter Processing**

Used in conjunction with Hart's ePollBook, processing voters is fast and secure.

► **Secure**

Barcode-scanner data transfer isolates voting equipment from network connections and allows use of real-time voter qualification data.

► **Error-Free**

Removes human error from the ballot selection process ensuring voters get the right ballot.
